

## GENERAL NEWS.

It is announced that Mrs. Garfield is writing a biography of her husband.

There was a falling off of \$9,000, 000 in the receipts of Internal Revenue last year.

Slab Hollow, Vermont, has petitioned the Post Office Department for a more dignified title.

The proposition to abolish the October elections in Ohio was adopted by 537,000 out of 743,000 votes.

President Eliot, of Harvard University, and the head cook of a Boston hotel receive the same salary—\$4,000 a year.

The striking miners near Pittsburgh are becoming desperate, and are determined to win if they are obliged to burn the pits.

About 10,000 spectators witnessed the opening bull fights on the Plaza Curco de Mayo, in Mexico, on the 29th. This sort of amusement is not a thing of the past yet.

Paper is now used as material for picture frames. The pulp, mixed with glue, oil, and whitening, is run into moulds and hardened, after which it may be gilded or bronzed in the usual way.

At the Edgar Thomas Steel works in Pittsburgh a process has been discovered for improving Bessemer steel, rendering it equal in quality to crucible steel, at one-tenth the price of the latter.

The Cattle and Horse Growers' Convention, held in St. Louis, Nov. 25th, passed resolutions, recommending that Congress be petitioned to pass laws to punish setting fire to timber in the Indian country, by fine and imprisonment.

Third Assistant Postmaster General Hazen in his annual report places the gross receipts of the postal services for the fiscal year ended June 30, 1885, at \$49,602,188, leaving a deficiency for the year amounting to \$7,041,302.

Hon. T. C. Snyder, who sued the city of Canton, O., for \$15,000 damages for injuries received by the upsetting of his buggy by a sand-pile, one night about two years ago, received a verdict of \$8,000.

It is asserted that the Eastern nail manufacturers are furnishing striking nailers of the West with funds to carry on the strike, which has been in progress since last June, and that they have agreed to continue the contributions till the strike ends one way or the other.

The revolution in Roumelia has caused a boon in the price of attar of roses, and the last quotation was \$115 a pound. Roumelia is the only European country that produces this article. This year's crop of leaves has been greatly neglected, and but little preparation is being made for next year.

An itinerant minister named Wilcox is reaping a harvest out of the Pennsylvania Marriage License law. He has established regular marriage stations at various points along the border of New York State, at which he appears on certain days each week. At State Line on Monday he married seven couples, the young folks having gathered in for several miles around. To many, a trip is much cheaper to "York State" than to the county seat, where they would have to go for a license.

In a Circuit Court of Maryland, on the 28th, a judgment against the Baltimore and Ohio Railroad for \$8,000 was rendered in favor of P. F. Leapley and his wife, Grace. The action was for injury sustained by Mrs. Leapley through the negligence of a conductor on the Metropolitan branch of that road, in failing to stop the train at the proper station, and in getting off the train after passing the station she was permanently injured in one of her hips.

Word came from the West African coast that the king of Coahama having died suddenly, the natives attributed his death to the witchcraft of the Europeans, and killed twenty of them, including three priests of the Huilla Mission.

The Presbyterian church has twelve physicians in China. Dr. Kerr has practiced thirty years in Canton. In 1883, he, with his two assistants, treated 16,000 persons, and performed 2,000 operations.

A Maharaja in India is exceedingly pious. He himself observes one fast-day in each month, and has given orders that not only all Hindoos, but horses, camels, and other animals belonging to him should fast on that day.

Mr. S. G. Tracy, who suffered from rheumatism, one hour and a half after taking the first dose of Athlophoros was free from pain and in two days was about the house and walking in the streets. Otto L. Hoffman, Columbus, Ohio.

## The Pittsburg &amp; Lake Erie R. R.

On and after July 20th, 1885, trains will run as follows: Central Time.

WESTWARD.	
Lv Pittsburg 6.00 a.m.	7.20 p.m.

Ar Newcastle 11.05 "	5.40 "
" Pittsburg 1.10 p.m.	7.45 "

Daily. A. D. SMITH, Gen'l Pass. Agt.

## USE HALL'S HAIR RENEWER.

It is a medicinal preparation, and, at the same time, an elegant and cleanly toilet article. Its action upon the scalp is healthful. It nourishes the glands which support the hair, and causes thin, dry hair to become thick, soft, and vigorous. It restores the color of youth to locks which have become faded with age or disease; and relieves and cures itching, caused by humors of the scalp. Dr. George Gray, Nashua, N. H., writes: "It gives me pleasure to testify to the wonderful effects produced by Hall's Vegetable Sicilian Hair Renewer, as observed by me in very many cases. IT WILL CERTAINLY RESTORE THE HAIR TO ITS ORIGINAL COLOR. It cleanses the head of dandruff, and leaves the hair soft, glossy, and beautiful." F. T. Sandheim, 1010 Spruce st., Philadelphia, Pa., writes: "After unavailing trying a number of preparations to prevent my hair from falling out, and realizing that I was fast becoming bald, I tried, as a last resort, Hall's Hair Renewer. I have used only four bottles of the Renewer, and am perfectly satisfied that it is the best preparation in the market for checking the falling out of hair, invigorating the hair roots, and promoting a new growth."

## Buckingham's Dye FOR THE WHISKERS

commends itself to all who have occasion to use a dye for the beard or mustache. It will change gray, faded, or sandy whiskers, to a beautiful brown or black, as desired. The colors produced are natural and lasting. It cannot be washed off, contains no destructive ingredients, is cheap, safe, convenient to use, and effectual.

PREPARED BY  
B. F. HALL & CO., Nashua, N. H., U. S. A.  
Sold by all dealers in medicines.

## HE CARRIED A BOTTLE.

Mr. Charles H. Hoglen, of Dayton, O., fully agrees with Macbeth that "the innocent sleep."

Sleep that knits up the ravelled sleeve of care,  
Balm of hurt minds, great nature's second course

Should not be murdered." The force of the royal murderer's observation was borne in upon Mr. Hoglen by the continued loss of sleep until his "sleeve of care" may be said to have been in a fearful state of unravel, indeed almost ready for the great final rag-bag. It was saved, however, and Mr. Hoglen now more than ever appreciates the "sweet restorer." His experience was not unusual. Mr. Hoglen, who is in business, suffered with rheumatism. To a visitor who called upon him recently Mr. Hoglen, whose residence is at No. 9 Marshall street, told this story:

"I was laid up with rheumatism in my knees and ankles, and it sometimes extended to my shoulder blades. For several weeks I endured the most violent pain. I could not sleep at night. In fact I was miserable and discouraged, and tried many kinds of liniments and medicines without any relief. I made up my mind not to try any more medicine, as nothing seemed to touch my case. Finally my brother brought me a bottle of Athlophoros and said that it was recommended very highly. More to please him than myself, I took it. The first dose was at six o'clock in the evening and the second at nine o'clock. That night I slept well. I felt encouraged at my sudden change and so continued using the Athlophoros. The following week I was able to go out and attend to my business."

"How much did you use?"

"Three bottles, and I certainly think it a very excellent medicine."

"Do you know of others who used it?"

"Yes, my brother-in-law, Demarest Smith, who is a traveling man, has used it and is well pleased with it. He had rheumatism in his feet and as his business requires much walking the rheumatism interfered with it a good deal. But he says he is all right now, as the Athlophoros knocked the pain right out. He carries a bottle of it along with him on the road and feels that he has a safeguard against any future attacks."

Captain Henry Dornbusch, a prominent citizen of Dayton, O., engaged in the insurance business at No. 924 East Fifth street, has also found great benefit from Athlophoros, and is by no means reticent in praising the medicine for the cure which it effected in his case of rheumatism. In answer to an inquiry regarding his use of Athlophoros the Captain said:

"Yes, I have used it, and with very satisfactory results. I was laid up with rheumatism for six weeks and suffered greatly. I was in such a condition that I could not get about at all. I was recommended to try Athlophoros, which I did to the extent of three bottles. I am now perfectly well and free from rheumatism. I feel perfectly justified in giving Athlophoros words of commendation and I would recommend it to any victim of rheumatism."

Joseph Brown, who is with Bradstreet & Sons, at 25 East Fourth street, Dayton, O., has this to say of Athlophoros:

"I have used it for rheumatism and neuralgia with very gratifying results and would recommend all who are afflicted with these diseases to try it."

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed. ATHLOPHOROS CO., 112 Wall Street, New York.

## LAKE ERIE &amp; WESTERN R. R.

The shortest and most direct route, making immediate connections for passengers East and West.

## CONDENSED TIME OF THROUGH TRAINS.

G. W. SMITH, Gen'l Pass. Agent

Bloomington, Ill.

AGENTS make over 100 per cent. selling our new Corrugated Reflecting SAFETY LAMP. Can be sold in every family. Gives more light than ordinary lamps. Send forty cents for lamp and be convinced. Circulars sent free. FOSBROOK & MACKIE, Cincinnati, O.

## BAKING POWDER.

## Why the "Royal" is the Best.

Royal is the best baking powder because it is absolutely pure and wholesome, of the highest strength, and maintains its full leavening power until used.

There is no other pure baking powder offered to the public; all others contain either lime or alum,—deleterious substances,—sometimes both. Lime presence results from impure cream of tartar; alum is added to give strength; the object of the manufacturers in both cases is to produce a cheap powder.

The Royal Baking Powder is exclusively made from cream of tartar specially refined and prepared for its use by patent processes by which the tartrate of lime and all other impurities are totally removed. Its absolute purity is guaranteed by its manufacturers and certified by all prominent chemists and scientists who have made it the subject of investigation.

The cream of tartar of the market from which other baking powders are made has been tested by Prof. Chandler and Love, for the New York State Board of Health, and found to contain impurities from three to ninety-three per cent of its weight. It is, therefore, absolutely impossible that these powders should be pure, while it is equally as impossible for the Royal, being made as it is from chemically pure materials, to be otherwise than absolutely pure.

There being no inert matter in the ingredients of the Royal Baking Powder, higher strength is, of course, attained; and, the exact value of the materials being ascertainable to an atom, a compound is possible that will maintain its full strength until used, leave no residuum in the bread, and which all chemical tests and practical experience have proved to be the perfection of leavening agencies. This combination in the "Royal" makes it the best, and the only perfect baking powder attainable.

Prof. Mott, late Government Chemist, says: "Because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the constituents used in its manufacture, the proper proportion of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public."  
H. A. MOTT, Ph.D., etc.  
Late U. S. Gov't Chemist.

## ASHLAND COLLEGE,

ASHLAND, OHIO.

Winter Term begins, on Tuesday, Jan. 5th, 1886,

## BUSINESS COURSE

OF TEN WEEKS—BRIEF AND PRACTICAL.

DOUBLE ENTRY, SINGLE ENTRY, SIX-COLUMN JOURNAL, COMMERCIAL ARITHMETIC, COMMERCIAL LAW, GRAMMAR and COMPOSITION.

Tuition, only \$10.

Good board, \$15; Rooms \$2.50 and \$5.00.

Inquire at or address
